Bringing together the sun, surf and sand, this beachside celebration evokes a sense of casual elegance with a vibrant color palette.

A wedding by the beach is the ultimate experience, bringing the best that nature offers with a laid-back, relaxing vibe. Whether it's a proposal at the beach or an intimate wedding celebration, an outdoor event such as this promises an ideal setting for beginning a lifetime together.

With a mixture of natural and nautical touches, an intimate celebration for two awaits on the beach. Beneath a white canopy strung with cafe lighting, the table is set with a nautical-themed tablecloth in bold blue and gold stripes. A lush centerpiece with two mini-versions boast more than 12 different floral varieties, including tuber roses, hydrangea, stock, dahlias, calla lilies, spray roses, snapdragons, freesia, seeded eucalyptus, lisianthus, veronica, and clementine tangerines. Each arrangement rests upon hand-carved, distressed bronze stands. Chair ties continue the nautical theme with striped ribbons accented with a Camilla bud, Alabama's state flower. Matte-gold flatware, china and stemware touched with golden accents denote a high-end dining experience amidst an unconventional, yet gorgeous setting.

A petite-cake for two of simple design reflects blue hues from the sea and sky. Its topper is perfectly sized for saving for a couple's first year anniversary or even a honeymoon snack.

SIGNATURE STYLE SERIES

The bride's bouquet is a luscious mix of roses, lisianthus, spray roses, freesia, hydrangea, seeded eucalyptus, and tuber roses, tied in natural burlap and accented with a blue striped ribbon. Her wedding gown's design is inspired from the dress Pippa Middleton wore in the Royal Family's 2011 wedding.

The groom remains classically relaxed in a khaki suit and blue striped bow tie. Upon his lapel he wears a boutonniere made with tuber rose and seeded eucalyptus, tied with burlap and accented with nautical blue striped ribbon.

The wedding stationery uses bold navy stripes and sea-blue colored and navy font to set the tone for an beach celebration that is like no other.
